

THE ILLUSION OF LOVE

Establishing Safe Boundaries and Healthy Responses

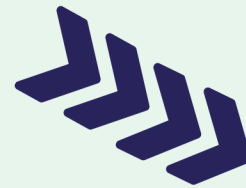

The Illusion of Love is an age-appropriate human trafficking prevention curriculum for 6th-8th grade students. The content is interactive and builds upon the skills learned in previous years. The content includes stories, activities, and discussions that focus on teaching each student what boundaries are, how to establish them, and healthy responses when boundaries have been crossed.

LEARNING OBJECTIVES

To provide information regarding:

1. Age-appropriate definitions of sexual abuse, exploitation, and trafficking.
2. Identify grooming and the impacts of manipulation.
3. Introduce the dangers of online interactions and outline internet safety.
4. Identifying safe adults to share experiences with
5. To stress the concept that our bodies are to be respected and to establish boundaries that enforce this.
6. To provide lesson plans for teachers that are relevant and easy to facilitate.
7. To focus on safety, rather than on sexuality.

Curriculum Highlights

- Includes total of 3 videos; one per grade level of continuous story line for scaffolding teaching.
- Includes discussion questions for teachers and activities for reinforcement of lessons.
- Includes parent resources in English and Spanish.
- Includes Disclosure guides and resources.
